"I've been taking clients to Woodlands of Marburg since the 90s, so I had already developed a great connection to the property when I was planning a corporate retreat to be facilitated by my company – Outgoing Development Australia – late last year. I chose Woodlands over other venues as the property has a memorable, historic feel, and there are a range of large outdoor and indoor areas to run activities – a nice change up from the city conference venues. The space feels like your own, and we had a special team dinner in The Mansion, with fantastic food and service in a heritage atmosphere. Plus after dinner drinks in the cellar! From my experience at many other corporate venues, after the staff greet you, you don't hear from them again and in fact they don't even say goodbye to you. However, at Woodlands, the team asked for feedback during the retreat, going above and beyond to make sure we were happy with everything. That's why I keep on coming back."

ANGIE LA MOTTA,
FOUNDER OF OUTGOING DEVELOPMENT AUSTRALIA (one-night retreat for a group of 32)

"We have used Woodlands of Marburg as the main venue for StoryArts Festival since 1997 and the current team is amazing. The venue is a beautiful and tranquil retreat in the country with top accommodation and catering. The staff are friendly and welcoming and did everything they could to make the festival run smoothly. Their support has been absolutely brilliant.

One author said, The staff at the Woodlands were exceptional and had a lot of do with the friendly atmosphere at the whole festival."

Jenny Stubbs
Director StoryArts Festival Ipswich
